Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art does not teach an electrostatic actuator having a movable electrode that moves along a basement plane and that defines first and second opposing surfaces, the actuator including stationary electrodes with first and second stable electrode columns standing on a base substrate and space from each other, the first and second columns having first and second stable walls connected to the first and second columns (respectively) and extending between the columns and being positioned opposed to the first and second surfaces of the moving electrode, the movable electrode having thickness W , each of the first and second stable electrode walls having a thickness W , where the first and second stable electrode columns are located in a space between first and second datum planes with the first datum plane is defined to include an outward surface of the first stable electrode wall and the second datum plane is defined to include an outward surface of the second stable electrode wall and a distance between the first and second datum planes is equal to or larger than three times the thickness W of the movable electrode, and including an insulating solid piece that connects at least an end of the first stable electrode wall near the second stable electrode column to the second stable electrode column, an end of the second stable electrode wall near the first stable electrode column to the first stable electrode column, and the first and second stable electrode walls.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karl I.E. Tamai whose telephone number is (571) 272 - 2036.

The examiner can be normally contacted on Monday through Friday from 8:00 am to 4:00 pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Darren Schuberg, can be reached at (571) 272 - 2044. The facsimile number for the Group is (571) 273 - 8300.
